STATEMENT RE RESUMPTION OF OPERATIONS

On December 1, 2016, the landlord who owns the licensed transmitter site of Noncommercial Educational Radio Station WRRS informed the licensee that the year-to-year lease agreement would not be renewed. The Station left the air on December 28, 2016.

Noncommercial Educational FM Station WRRS returned to the air on December 22, 2017. Station WRRS returned to the air at a different site and with different technical parameters using newly constructed facilities, as authorized by Construction Permit BPED-20170808AAQ.
